

# Outdoor Fire Safety Tips

- ✓ Be aware when grilling on wooden decks or in grass.
- ✓ Keep water handy in case of fire.
- ✓ Build campfires in open, level spots away from trees and overhanging branches.
- ✓ Never leave a campfire unattended. Extinguish your fire completely!
- ✓ Dispose of smoking materials properly.
- ✓ Avoid parking vehicles in dry grass when the hot exhaust system could come into contact with dry vegetation.

RESOURCE CONSERVATION & DEVELOPMENT

USDA IS AN EQUAL OPPORTUNITY PROVIDER AND EMPLOYER.

# Fireworks Safety Tips

## Use Fireworks Responsibly!

- ✓ Obey local ordinances regulating the sale and use of fireworks.
- ✓ Use fireworks in a safe area away from dry fields, forests and buildings.
- ✓ Carefully follow label directions and always have adult supervision.
- ✓ Light one firework at a time and handle lighters safely.
- ✓ Never point or throw fireworks at people or animals.
- ✓ Keep water and garden tools nearby. Wet towels can be used to extinguish small flames.
- ✓ After the celebration ends, observe the area where fireworks were used to make sure everything is safe before leaving.
